Using the PEP rich with highly visual and universally understood elements of; **earth, water, wind and fire**, we'll discover who you are at the core. This Path Elements Profile assessment, a \$50.00 retail value is included in the hourly coaching fee.

Taking the PEP on-line is simple and can be done in less than 20 minutes. MEET NICOLE GREER, PPCC – BUSINESS AND LIFE COACH

For more than 20 years, Nicole Greer, PPCC has helped individuals, corporations and churches become the people they were created to be through defining and fulfilling a mission, to work better in teams, and exemplify excellent leadership. Nicole has worked as a coach, marketing director, master of first impressions, and sales trainer in the many facets of business. Her experiences working with all kinds of people led her to found Vibrant Coaching. Nicole is a speaker, trainer, facilitator, life and business coach. Nicole serves as a lead trainer for Laurie Beth Jones Inc. (NY Times Best Selling Author) National Training Team across the United States.

Nicole is a strong coach. She has the “Edge.” Nicole holds her clients in high esteem and strongly encourages commitment from them as she makes them ask themselves hard questions that inevitably lead to growth. Nicole’s purpose is to facilitate movement...significant movement. Movement that will make significant changes in your life. Nicole realizes that her clients are experiencing some fear around the goals and dreams they have for their lives. In fact, some clients look for a way out, even to the point of trying to distract Nicole by changing goals. A coach with the “Edge” just doesn’t go there. This saves everyone a lot of time, money, and energy. A key part of why individuals hire a coach is to hear the coach’s opinion about their goals, situation, problems, dynamic or lifestyle. With your permission, Nicole will provide support, wisdom, structure, questions, understanding, strategies, ideas, synergy and yes, opinions.

If you seek clear direction, Nicole can help you and your team determine objectives, set goals and accurately monitor performance, motivate and encourage team members, identify and meet people’s needs, understand how personality types interact, and build quality relationships.

VIBRANT COACHING PINPOINTS FOUR DISTINCT STRATEGIC AREAS OF TRANSFORMATION:

FOCUS AND MEANING to define what is most important and never stray from the path. Focus coaching is all about letting you discover yourself in terms of where you are today, the influences at work in all parts of your life, and the possibilities that you have for living the full measure of your creation.

BALANCE to understand how to be stable in an unstable world. Balance coaching is about moving to a place where choices are based on a longer view of life. Nicole’s clients get in touch with the power of their imagination, perspective, and discover mind-mapping. These ‘smart’ approaches to choices are the substance of bringing order and balance to their living.

PRODUCTIVITY to constantly expand the possibilities. Knowing what to do and actually doing it is the hallmark of productivity. Clients begin to create and apply the energy necessary to produce results in life. You’ll identify issues of life that get in the way of productivity and hinder the potential of your future.

FULFILLMENT to find joy and celebration. A coaching relationship with Nicole Greer will provide a unique opportunity to fill your life with more of what you want, than what may simply appear. Fulfillment is beyond success. At this level Nicole’s clients have made a shift. They are experiencing the thrill of overcoming challenges, maintaining integrity, and viewing life as an opportunity.
